THE trustees of the Shiner Public School, have requested county superintendent F. P. Guenther, to have the next county institute held at Shiner, and have promised free entertainment for the teachers. This promises to be one of the best institutes ever held in the county.

SPRING has passed and the impending conflict in the Balkans is still in the dim distance.

IT'S a very dull day that does not bring in a gusher at Sour Lake.

THE picture of the new Pope Pius X, now appearing in the big dailies is that of a man about 35 years of age, when in reality he is 68 years old.

SHINER must have an eye to business this fall and hold the trade that justly belongs to it.

IF you have any inducements to offer, let the people know it.

—It is refreshing to now and then meet a man who thinks the crop prospects were not injured by the rains. Dr. J. E. Lay, is such a man and he is reliable one too, having been a close weather and crop observer for full twenty years or more. He says that owing to cotton being a month late the rains have come just at the right time and will do incalculable good instead of harm. If the rains stop within a reasonable time Lavaca county will make a bumper crop. THE HERALD likes to hear such reports as these as it makes us feel little easy.—Hallettsville Herald.

IF you have a duty to perform, perform it like a man or get out of the way and let some man have a chance at it. No one loves a shirker.—Yokum Herald.

THIS is good advice and we hope every body will live up to it.

—The bonds for the \$25,000 bridge bond issue which was voted upon favorably this spring, having a rived, and will be carried to Austin on the 15th by Commissioner R. B. Thirt. A few days previous to the assassination of Comptroller Love he had notified the commissioners that the Lavaca county issue would be taken up in school monies. A letter was received this week however from Comptroller Stephens stating that all school monies had been exhausted. It is believed however that no trouble will be experienced in getting the issue placed as Mr. Stephens further stated that there would be more money accumulating within sixty days.—Hallettsville Herald.

Mr. Norman Roth, completed the first stage of the journey as a Knight of Pythias, last Tuesday night.

The second stage will be undertaken at the next meeting.
